

Zeal for Meals for Vision for Tomorrow

ABOUT US

Zurvita is a health and wellness company that offers a line of award-winning, natural, and clean products. Led by faith and with the mission to empower people to believe in themselves and take control of their health and happiness, Zurvita brings families effective health and wellness products from the most potent and nourishing ingredients and superfoods.

GOAL & PROGRESS

Zurvita has set a goal of providing one million meals to hungry families. As of last month, Zurvita has reached 580,000 meals given and continues to grow and give back.

The company's Zeal for Meals Program has directly impacted thousands of lives in peril by funding SERV International, which provides food, shelter, medical assistance, and spiritual support. SERV International has a strong track record of successfully delivering aid and resources to people who are living in some of the most challenging circumstances imaginable, including in areas affected by natural disasters, conflict, and other crises.

By partnering with SERV International, we can make a direct impact on the lives of those in need by supporting their efforts to provide food, clean water, and other essential resources.

LIVES TOUCHED

The most recent impact reports of Zeal for Meals includes:

The Kepoto Village in Northern Kenya -

The Zurvita Kenyan Team continues its Drought Response in Turkana county - a region that suffers from severe malnutrition. The people in Turkana solely rely on relief food. They are not able to grow their own food or feed their cattle. Zurvita distributes food to women, children, orphans, elders, the disabled, and families all affected by the growing drought and hunger crisis in the Horn of Africa.

To date, Zeal for Meals has distributed thousands of meals to 4 different villages in Turkana county, serving more than 2,300 people. We have provided 30,000 meals in this particular area as well as medical outreach for over 320 men, women, and children; the village's nearest medical facility is 46 miles away.

At the Hungary/Ukraine border and in Ukraine -

SERV International is currently operating in an undisclosed location in Ukraine and along the border of Hungary. As part of their relief efforts, SERV has deployed two teams and secured partnerships with local churches to provide food, essential support and other necessary resources to refugees fleeing the war.

To date, Zeal for Meals has worked with them to assist 500 Individuals and 200 families displaced by war, by providing life-sustaining food, clothing, and other essential resources.

We hope that our success will inspire others to contribute to the fight against hunger and work towards a world where everyone has access to sufficient food and basic needs.

MAKING WORK MEANINGFUL

The Zeal for Meals Program has had a tremendous impact. Our consultants and customers can feel good about what they put in their bodies - and know they are feeding hungry families with each purchase. We are halfway to our goal of feeding a million people.

Zurvita Consultants and customers can feel good about impacting lives worldwide and supporting these programs by enjoying Zeal, a natural nutritional, and clean energy drink mix made from superfoods stabilized rice bran, gamma oryzanol, guarana, green tea, and yerba mate extracts.
